

GoBusiness200

SCOPE & SEQUENCE

SCOPE:

The purpose of the GoBusiness200 course is to distinguish the differences between the principles of biblical economics and worldview versus traditional business practices in the marketplace. This separation from secular perspectives seeks to encourage a public debate that confronts the decline of Western economics and society. The curriculum is designed to equip you for service, outreach, and evangelism in both your work and ministry, while sharpening your leadership and management skills. It focuses on the lifelong pursuit of applying God's truths to the stewardship and increase of all that He has entrusted to your care.

Reading Assignments:

Good to Great: This book by Jim Collins examines what it takes for ordinary companies to become great, analyzing the practices and management strategies of both successful and unsuccessful businesses to determine the leadership skills required to achieve greatness.

Select Articles: A selection of reading assignments from various authors and sources that topically correspond with the lessons.
